Treasurer's Report:

. Michele Felt, Treasurer reported that we received around \$1,000 in donations from the letter that Liesbeth Visscher posted to our e-mail list.

Student Council's Report: No report

☑ Megan Ames reported that we would have student reps at our evening meetings

Principal's report:

☑ Joell told us why the web site is down. Two servers blew up and the Prospect web site was on one of them. This has been a learning experience and at the same time, the district is redoing the school web sites so that they all have a similar look. This has created a lot of work for English teacher, Ms. Campanella, who is our Webmaster. She has had to recreate the web site from scratch as well as get through finals. We don't know what we would do without her.

. Joell and our Vice Principal, Mr. Rose, are working on ways to connect with the middle school parent volunteers to encourage community involvement. She will be visiting MMS's home and school meeting on February 7th at 7PM as well as connecting with the other feeder schools.

. Joell and her brother have been working on getting the telescope up and running. It's one of those complicated things that require IT support and someone to take time and read the manual and learn the software. Luckily for us, her brother is taking this on. She hopes to have a "Star Party" in the spring. PTSA would be involved.

. Joell and Mr. Rose are working on community involvement. The open house is a great event that we will do every year and she also wants to do a spring event. This is a great place for PTSA and other boosters to help out. We should be thinking about ideas for this event. It could be different every year.
